### **Artist's Gallery Talk**

May 11, 2007

Friday 12:30 pm

### **Portland Art Center**

32 NW 5th Avenue

Portland, Oregon

With a strong history in industrial manufacturing and decades of work as a musician, Brian Crane displays his passion for creating three-dimensional objects. Stemming from the language of traditional furniture and improvisational music, these works in wood combine the planned with the spontaneous, the familiar with the abstract, and the finished with the raw.
